#Too few cases for a reliable estimate.

NOTE: This table was designed to span facing pages. All 11 columns sum across; but may not total 100 percent due to rounding.

Among all undergraduates, 6.5 percent of students were dependent *and* their parents' income in 1998 was less than \$20,000.

Estimates by tuition and fees categories, institution type, and attendance pattern exclude students who attended multiple institutions.
